

Your Business. Their Destination.

A NEW NORWICH AREA VISITOR MAP

Jennerate, LLC is proud to announce an exciting collaboration with Mayor Singh to create a brand-new Norwich Area Visitor Map!

*The illustration is intended to demonstrate the artistic style and overall vision of the visitor map rather than depicting accurate geography. Before producing the final publication, the map will be redrawn using a base layout so that roads, waterways, landmarks, parks and participating businesses are placed in their proper locations.

**10,000
COPIES
DISTRIBUTED**

The inaugural printing will include 10,000 full-color maps distributed throughout the region at participating businesses, hotels, tourist information centers, local events, community organizations, and other high-traffic visitor locations.

**POCKET-SIZED
& KEPT
LONGER**

Designed in a convenient compact pocket-fold format, the map is easy for visitors to carry, helping them store, protect, and reference it throughout their stay and long after they return home.

**A COMMUNITY
PARTNERSHIP
WITH MAYOR
SINGH**

This collaborative project is designed to promote local commerce while providing an attractive, easy-to-use resource for residents and visitors alike.

WHY ADVERTISE?

- ✓ Reach thousands of local residents and visitors
- ✓ Be featured on a professionally designed visitor map
- ✓ Increase visibility for your business year-round
- ✓ Support a community-wide initiative promoting Norwich

We are excited to partner with Mayor Singh on this initiative and invite local businesses to become part of a publication that will serve as both a practical visitor guide and a promotional piece for the community.

The map will be updated and reprinted regularly to ensure visitors always have access to current information.
